

Making a Difference Campaign

Families that include children with emotional and mental health disorders face challenges that most families could never imagine; a sense of failure, of frustration, disappointment, unrealized dreams, stigma, isolation from other families, and constant family strife to name just a few. Families also face the challenge of finding appropriate support and services. At UPLIFT, we strive to help provide the support, education, advocacy, information and referral these families need.

UPLIFT is Wyoming's Federation of Families for Children's Mental Health. The majority of our staff and board members are parents of children with emotional disorders. We know what it is like to give our lives to raising and loving these children. We endeavor to use our personal experiences combined with training to assist other families going through a similar crisis. Last year UPLIFT was able to make a positive difference for **693** children and families.

We believe Wyoming's children are the state's greatest resource and we want them **all** to enjoy a successful future. Won't you please join the UPLIFT team by becoming a **Supporting Member** or a **20/20 Partner** through your tax deductible donation? Please complete the form below and include it with your gift. **Your gift will make a difference!**

I want to help **make a difference!**

Name _____

Agency _____

Address _____

City _____ State _____ Zip _____

Phone _____

My level of support is....
